

HAPPY  
Halloween

The word "Halloween" is written in a large, black, gothic-style font with a dripping effect. The letter "o" is replaced by an orange pumpkin. Above the word, the word "HAPPY" is written in a smaller, orange, sans-serif font. The text is surrounded by various Halloween icons: three black bats flying above, a black jack-o'-lantern hanging from the letter "o", a black spider hanging from the letter "e", and a black spider hanging from the letter "n". There are also two small black spiders on the ground below the text. The background features large, faint, light gray spider webs.
